**About the Monday Fun-Day Group:**

Monday Fun-Day is an informal social group for older teens and young adults with Autism Spectrum Disorder and related conditions who live in Howard County and the surrounding area. The purpose is to make friends, give back to the community, learn about resources in our community, enjoy social activities, have fun, and gain skills that foster independence, interdependence and social interaction. Members are expected to attend all scheduled activities and meetings during the multi-week session and to RSVP if they are unable to attend. Members are asked to carry a government-issued or school ID card and a charged cell phone (which will not be used except for taking pictures). Members are expected to be courteous by arriving on time and being respectful to all members and facilitators. Members are also expected to pay for their own costs at events. If a member is unable to pay for an activity, they should let the facilitators know at the time of registration so that scholarship money may be secured. ***Please note that this is not a drop-off program and we are unable to provide 1:1 supports for the participant.***
