## **WHO SHOULD ATTEND?**

Educators, school staff, parents and caregivers who support children with Autism Spectrum Disorder (ASD) and other disabilities

**WHAT WILL BE COVERED?** This practical workshop will prepare you to address common behavior challenges of students with ASD with skill, insight, and compassion. You'll gain an in-depth understanding of the characteristics students with ASD may have and how those traits impact performance in classrooms, at home, and in the community. Guidance on using this information to enhance the functional behavior assessment (FBA), behavior intervention plan (BIP), and multi-tiered systems of support (MTSS) processes will be provided. As a result, you will learn how to support students with ASD using evidence-based practices, resolve or reduce behavior challenges, and strengthen academic and social-emotional outcomes for every learner.

## **About our presenter:**

Deb Leach, Ed.D., BCBA is a consultant who specializes in working with educators and families to support them with meeting the needs of students with ASD. She is the author of three books, multiple journal articles, and she was a special education professor for twelve years prior to working as a consultant full time. Her research and expertise are focused on inclusive practices, positive behavioral interventions and supports, multi-tiered systems of support, and applied behavior analysis.
